

	Task Info		Project	Hours Spent
11/07/2022	Tested the web application developed for Retirement Capital. Tested Add Money Feature, Withdrawal Request, Portfolio Sections developed by us f		RCP	3
11/07/2022	Same application I downloaded from bitbucket.org repo and run in my local instance and tested it.		RCP	3
11/07/2022	Tried and searched if there was an opportunity to develop the same ionic web application in mobile applications.		RCP	2
13/07/2022	Implement the Retirement capital portal development in ionic in windows hp laptop		RCP	4
14/07/2022	Implemented Retirement capital ionic portal web application in Android Studio using ionic capacitor		RCP	3
14/07/2022	Tested the Retirement capital application in various android OS versions. It works well in android 11, 12 but fails in android versions 10, 9 and below		RCP	3
14/07/2022	Changed the assets breakdown pie chart colors to the colors related to retirement capital web application theme colors		RCP	2
18/07/2022	Noted the color codes used for cash, loan, deposits, and properties.		RCP	1
18/07/2022	Tried to implement the contact us static page. Now place the sidebar with contact us section with an icon. When we click this displays the contact us component only with a heading.		RCP	2
18/07/2022	Changed the loan icon with background lines of white.		RCP	1
19/07/2022	Try to implement the Home page component into Portfolio component		RCP	1
25/07/2022	Send icon details to the Kavın Frontend Developer.		RCP-Frontend	1
29/07/2022	Worked on demo for Retirement Capital Mobile App (Ionic Capictor Build)		RCP-Frontend	1
30/07/2022	Pulled the retirement capital portal from the master branch. Build the android application using ionic capacitor build with the new pulled code. Faced CORS error due to not getting response from the server(http://212.71.245.22/rcp/pension/modules/Mobile/api.php/). So changed the server to (https://apidev.retirementcapital.cloud/modules/Mobile/api.php/) now both in mobile and web application data displayed.		RCP-Frontend	4
01/08/2022	Worked on changing the UI of entities of Loan, Properties, Deposits, Cash and Stocks and Shares		RCP-Frontend	4
04/08/2022	Removed the total amount of entities displayed at the center of the doughnut chart and committed the change in the branchRetirement_Capital_Wo		RCP-Frontend	1
04/08/2022	Added the new icon for Stocks and shares given by Gavin in the server 212.71.245.22		RCP	1
05/08/2022	Changed Scheme Loan, Deposits, Cash, Portfolio and member Loan, Deposits, Cash, Portfolio data in both CRM and Portal is now matched.		RCP	2
05/08/2022	Gave explanation to Gavin team why the fields state of amount and frequency is mandatory for option B with the help of image and updated in the same task sheet provided by Gavin Team		RCP	1
05/08/2022	Added separate page for My Portfolio (Home Component). Differentiate the Portfolio Component and Home Component by the suggestion given by Gavin		RCP	3
09/08/2022	Tested the mobile application in IOS and reported some of the issues in google sheet for reporting the issues		RCP	1
10/08/2022	Tested RCP mobile application in IOS		RCP	2
16/08/2022	Worked on removing some of the side menu lists and ordered the remaining side menus based on the client report		RCP	3
17/08/2022	Implement the Sales IQ chat bot in Retirement Capital Application		RCP	1
18/08/2022	Implement the Sales IQ bot in Android and try to fix why SalesIQ chat in IOS		RCP	6
19/08/2022	Fixed the issue in SalesIQ chat bot implementation in IOS		RCP	4
19/08/2022	Added and hardcode the visitor information in SalesIQ Chat bot		RCP	2
20/08/2022	Implement the chat routing in Sales IQ		RCP	2
20/08/2022	Customize the SalesIQ chat bot		RCP	2
20/08/2022	When click the speak to administrator menu open the SalesIQ Chat Bot		RCP	2
22/08/2022	Take video in Android and IOS mobile application about Start Saas		RCP	4
22/08/2022	Customize the SalesIQ chat bot		RCP	2
23/08/2022	Created step need to follow while implementing Sales IQ Chat Bot		RCP	2
25/08/2022	Tested the file upload option of Documents in IOS and it's working fine in IOS		RCP	1
26/08/2022	Tested upload functionality in android		RCP	2
26/08/2022	Sent SOW two times while clicking the transition Sent Quote for Signature		RCP	2

	Task Info		Project	Hours Spent
30/08/2022	Created a video demo explaining chat bot in SalesIQ		RCP	2
01/09/2022	Created video demo for chat application of Retirement capital in IOS, android and web application		RCP	3
03/09/2022	Watched and learned Day 1 video of Zoho Creator		RCP	5
05/09/2022	Watched and learned Day 2 video		RCP	3
06/09/2022	Watched and learned half of the video of Day 3		RCP	3
07/09/2022	Watched and learned half of the video Of Day 3		RCP	3
07/09/2022	Tested Sales IQ chat application in web applciation, both in IOS and andriod application		RCP	3
08/09/2022	Created different Chat applicartion themes and updated the one approved by Kavın in Sales IQ caht application		RCP	2
08/09/2022	Watched and learned half of the video of Day 4		RCP	3
09/09/2022	Watched remaining half of the video of Day 4		RCP	3
16/09/2022	Video demo of transfer request of Web Application and Mobile Application in Android and IOS		RCP	4
19/09/2022	Tested Sign up process in Retirement Capital Project		RCP	1
20/09/2022	Fixed UI issue in Retirement Capital of Sign Up Page		RCP	2
20/09/2022	Reported noted backend issue in sign up process in Retirement Capital Application		RCP	1
21/09/2022	Audited the new WordPress site of retirement capital and report the noted issues in google sheet		RCP	4
21/09/2022	Noted duplicate entries of provider module in Provider Name and Provider Phone		RCP	2
27/09/2022	Fixed capacitor upgrade issue in package.json file of Retirement Capital.		RCP	2
27/09/2022	Simple Demo of Sign up process in IOS mobile application of retirement capital		RCP	1
27/09/2022	Small Video Demo explaining Sign up process in Android Mobile Application of Retirement Capital		RCP	1
28/09/2022	Generate apk file of the andriod mobile application of Retirement Capital		RCP	2
28/09/2022	Test the android mobile application of Retirement Capital and report it		RCP	1
30/09/2022	Test the Retirement Captial Mobile Application for submission		RCP	
01/10/2022	Try to submit the Reitrement Capital Mobile Application in App Store		RCP	6
02/10/2022	Try to submit the Reitrement Capital Mobile Application in Google Play Store		RCP	6
03/10/2022	Submit the Reitrement Capital Mobile Application in Google Play Store		RCP	6
21/12/2022	Take screenshots of Mobile Application in Test Flight in IOS Store from Prem Sir Mobile and try to upload those taken screenshots. But couldn't upload it in APP Store because of dimension issue		RCP	2
22/12/2022	Submit the Pension By Retirement Capital SSAS ios mobile application in App Store with all screenshots in 5.5 inch, 6.5 inch and for all. It was rejected because of two reasons App icon was same like previously submitted ios mobile application. We need to give explanation for what way it differs in previously submitted IOS mobile application.		RCP	4
05/01/2023	Fixed issue in wrong display of amounts of contribution in add money section of retirement capital application		RCP	2
03/02/2023	Try to edit the Figma template for Dashboard sent by Prem Sir for RCP		RCP	1
04/02/2023	Try to run the angular dashboard send by Prem Sir and also I tried a new angular template for Dashboard. But both dispalys error while run the command npm start		RCP	2
06/02/2023	Created dashboard UI for Kavın RCP and shown demo to him		RCP-Frontend	3
07/02/2023	Deployed the mockapp of RCP for dashboard, schemes, members		RCP	4
08/02/2023	Deployed the scheme detail view of RCP Mockapp in Server		RCP	2
15/02/2023	Created Mock App for retirement capital for scheme detail view		RCP-Frontend	2
16/02/2023	spelling mistake in account name and remove comma after Hi and fixed contribution issue		RCP-Frontend	3
17/02/2023	Fixed issues in file upload (Hide upload button under My Documents Section in Document Centre)		RCP-Frontend	2

	Task Info		Project	Hours Spent
17/02/2023	Worked on Dashboard UI for RCP in react JS and Tailwind CSS		RCP-Frontend	4
23/02/2023	Deployed the React based RCP Dashboard in live server at this location http://212.71.245.22/mockapp/dashboard-rcp		RCP-Frontend	2
01/03/2023	Created Sample 5 Contacts and Accounts from live retirementcapital.cloud vtiger crm of RCP in Zoho CRM of RCP		RCP	1
06/03/2023	Created widget for scheme details and try to get the data from https://webhooks.retirement.capital/js.php		RCP-Frontend	2
06/03/2023	Exported sample five datas of members and schemes and imported in Zoho CRM for RCP in Contacts module and Accounts module		RCP	2
07/03/2023	Completely finished the created widget for scheme details in related list of accounts module from the scheme details received from this url https://apidev.retirementcapital.cloud/sample.json?q=		RCP	4
09/03/2023	Added Members in created widget for scheme and added investment details in modal when we click the record of schemes		RCP-Frontend	4
18/03/2023	Small test of Retirement Capital mobile application to check whether it is linked with live vtiger crm		RCP	1
29/08/2023	Showing specific layout fields of lead module based on the lead status in RCP instance		RCP	2
29/08/2023	Updated Calendly Booking Appointment Invoke Url button in Lead Module		RCP	1
30/08/2023	Update the notes section with Event Name, Event Start Time and Event End Time of scheduled calendly event for the lead		RCP	4
31/03/2023	Try to fix the Event Start Time and Event End Time Time Zone Issue of the current time zone. But displayed the time as it as UTC O		RCP	2
31/04/2023	Displayed Share Portfolio of RCP in Piechart		RCP	1
01/04/2023	Displayed Share Portfolio of RCP in tabular format		RCP	4
03/04/2023	Fine tune the Share Portfolio Code for RCP for tabular format		RCP	2
18/04/2023	Added Fields to Lead, Contact and Deal module for RCP		RCP	2
25/04/2023	Created Stock Portfolio for RCP in our application and committed the change in separate branch IBIntegration		RCP	4
10/05/2023	Setup Lead Management process in blueprint for RCP		RCP	5
11/05/2023	In RCP Lead Management Process in Blue Print we scheduled a call instead of task. Fixed the reminder issue while scheduling the call		RCP	4
12/05/2023	Completed Lead Management Process of RCP and shown a demo to Prem Sir		RCP	4
19/05/2023	Updated MockApp Scheme Detail Page, FAQ for Retirement Capital		RCP-Frontend	8
20/05/2023	Worked on Summary Section of Scheme Detail Page		RCP-Frontend	3
22/05/2023	Perfectly aligned Summary Page as two sections one is Schemes Share Section and in another section displayed all members share fund details of each and every particular scheme and added My Task Section and updated those change in server		RCP-Frontend	3
23/05/2023	In Mockup app RCP updated some more transactions in transaction list, fixed summary view issue, changed appropriate page titles for each page, under investments add pound symbol for member share of fund		RCP-Frontend	2
24/05/2023	Added even outer padding for overview component and aligned investment table of RCP		RCP-Frontend	1
24/05/2023	Updated Members List View of RCP and updated it to server		RCP-Frontend	2
25/05/2023	Added Loan Investments Detail Page and Loan Repayments list components in RCP		RCP-Frontend	3
26/05/2023	Added Tab Section for Loan Investments. Added Summary Section, Loan Repayments Section, Transactions Section, Member Share of Fund Section in Tab Section		RCP-Frontend	3
29/05/2023	Updated Cash Info, Cash Transactions and Cash Member Share of Funds		RCP-Frontend	2
29/05/2023	Updated Property Summary, Property Transactions and Property Member Share of Funds		RCP-Frontend	2
30/05/2023	Updated Mortgage, Property Rental Incomes, Property Info of Property		RCP-Frontend	2
31/05/2023	Analyzed why ???? this mark is updated in vtiger member transfer while submitting a transfer request with uploaded file size is very large (>50 MB)		RCP	1
01/06/2023	Updated Account Information and Open Positions of Share Portfolio Investments of RCP in server		RCP-Frontend	3
02/06/2023	Updated Cash and Position Activity and Nav Summary of Share Portfolio Investments		RCP-Frontend	3
03/06/2026	Updated Updates Section in Scheme Detail View and updated Filter option in Cash Transactions Investment		RCP-Frontend	3
03/06/2026	Updated Investments list view as card section		RCP-Frontend	3

	Task Info		Project	Hours Spent
05/06/2026	Updated See more and added filters for all transactions and adjusted tables margins		RCP-Frontend	2
06/06/2023	Generate Open Position Report in CSV for Open Positions		RCP	2
06/06/2023	Try to generate report for Cash and Position Activity and Nav Summary using Flex Query in interactive brokers. But couldn't generate a report because doesn't have appropriate column values to generate those reports using Flex Query		RCP	2
07/06/2023	Learned about Foreign Key and Triggers		RCP	2
07/06/2023	Try to implement the all the tables of ssasap schema to set. auto increment for primary key of all tables using Microsoft Workbench in order to insert a record in all tables of schema ssasapp database		RCP	2
08/06/2023	Tested the two issues in ROP-5 and ROP-2. In ROP-5 we need to inform the user if they upload a file size of greater than 50 MB and not to process further the transfer request. Only if they upload the file size of less than 50 MB then only we will allow to process the transfer request of member.		RCP	1
08/06/2023	Tested ROP-2 In Some schemes active member count is displayed wrongly. This scheme has two members both are active members. But in active members count nothing is displayed https://retirementcapital.cloud/index.php?module=schemedata&view=Detail&record=1068&mode=showDetailViewByMode&requestMode=full&tab_label=Scheme%20Details&app=SALES		RCP	1
08/06/2023	Updated Pounds Symbol in Open Positions of Share Portfolio investments and changed the ArrowRightCircleIcon color as indigo		RCP-Frontend	0.5
08/06/2023	Created Cash Report with Account ID, Deposits, Starting Cash, Commissions, Ending Cash, Ending Settled Cash upload the generated csv in google sheet and its link is https://docs.google.com/spreadsheets/d/1X2gbKihZF8rq3p8H-5mLIBcaLH1RdJsZ1ym_EPxT3A/edit?usp=sharing		RCP	1
15/06/2023	Created NAV Summary report using flex query in interactive brokers		RCP	1
15/06/2023	Meeting with Prem Sir and other guys. Prem Sir explained the concept of how loan repayments are processed in Vtiger instance of Gavin		RCP	1
15/06/2023	I struggle to create virtual host for vtiger instance in the server 85.90.245.85 (/var/www/html/rcp_new/backendapp). Prem Sir helped me how to create for it. He first created Type A account https://backendapis.retirementcapital.cloud/ in cloudflare. Then he mapped the created (https://backendapis.retirementcapital.cloud/) address in cloudflare in apache configuration file in the /etc/apache2/sites-available. Once correctly configured the apache configuration. The vtiger instance in the 85.90.245.85/rcp_new/backendapp is now load with the Type A address (https://backendapis.retirementcapital.cloud/) created using cloudflare. Then we configured SSL configuration		RCP	2
16/06/2023	Try to connect the retirement capital customer portal application with the vtiger instance in https://backendapis.retirementcapital.cloud/ . It gives firebase error and cors error. Firebase error is fixed by updating the php version to 7.4. Cors error is fixed by adding some two lines that allow GET,POST,PUT,PATCH,DELETE in etc/apache2/sites-available configuration. Once everything is set up now the retirement capital customer portal application is able to send request to this vtiger instance https://backendapis.retirementcapital.cloud/		RCP	2
16/06/2023	Generated Open Positions Report Generated By Tim using Flex Query (Sheet 1) and Open Positions Report Generated through normal Statements (Sheet 2) in the google sheet https://docs.google.com/spreadsheets/d/1H-M2oq7KH_8WjEAz9Sb2wxOxBVhnRc3jgenQb9bOFR8/edit?usp=sharing		RCP	1
17/06/2023	Helped Anitha Madam to publish the Retirement Capital Customer Portal Application in live(ssas.retirement.capital)		RCP	3
17/06/2023	Saravana Helped me to roll back the wrongly published app in https://startassas.retirement.capital/		RCP	1
19/06/2023	Tested Startassas mobile application and noted issue in submit the details of signup due to not possible to fill the title dropdown detail		RCP	2
20/06/2023	Meeting with Gavin regarding Flex Queries in interactive brokers		RCP	2
21/06/2023	Created Flex Queries for Open Positions and NAV Summary in interactive brokers		RCP	2
22/06/2023	Helped Anitha Madam to publish the Retirement Capital mobile application using Android Studio		RCP	2
23/06/2023	Connected with Anitha Mam and Saravana in Google Meet regarding issue while taking ionic retirement capital build and run it in android studio. Gradle issue because of jdk. I give a suggestion to Anitha Mam to uninstall android studio and jdk installed in her system and reinstall both and then try to build the ionic retirement capital application in Android Studio		RCP	2
28/06/2023	Tested Anitha Mam pushed her change of SSAS Portal Development in this url https://ssas-portal-development.web.app/dashboard/home		RCP	1
03/07/2023	Took video demo of IBIntegration particularly Stocks in Retirement Capital Customer Portal Application		RCP	1
04/07/2023	Try to access scheme details with the help of access token. authentication credentials needed come. Try to resolve this issue but couldn't		RCP	3
11/07/2023	Tested SSAS portal application particularly loan section and update the issues noted to Sasi		RCP	2
11/07/2023	Tested SSAS portal application IB Integration branch particularly Shares and Stocks		RCP	1

	Task Info		Project	Hours Spent
13/07/2023	Learned Zoho Landing Page and created lead in Zoho Landing Page using form in the Zoho Landing Page		RCP	5
14/07/2023	Created and Mapped following fields of Lead Module to Scheme using Widget SSAS Name, Company Details,Company Name,Company Status, Company Number,Address, VAT,PAYE Ref,Corp Tax Ref no,Nature of Business, Phone, Email, Personal Details (Director),Consultant		RCP	3
15/07/2023	Once the lead is qualified we will show a widget and list the above fields in it and the sales person fills the above details and click submit. Once submit button is clicks all the details entered in the widget is created in lead. This will happen during qualified lead transition of blueprint.		RCP	4
15/07/2023	After transition sent email notification to the qualified lead with Calendly booking url and also convert the lead in to Scheme and Member.		RCP	1
18/07/2023	Worked on Converitng a qualified lead as Member, Scheme and Deal and also start to work on Deal management blueprint for RCP		RCP	3
19/07/2023	Worked on Deal management process blueprint for RCP		RCP	6
20/07/2023	Completed Deal Management process blueprint for RCP and shown demo to Gavin around 07:30 pm		RCP	6
21/07/2023	Updated some more stages SSAS Discovery Follow Up Initiated, SSAS Discovery Fall Back, SSAS Launch Follow Up Initiated and SSAS Launch Fall Back are added in deal module and automatic transitions and follow up emails are sent during automatic transitions in SSAS Discovery Follow Up Initiated and SSAS Launch Follow Up Initiated and update the deal management blueprint process		RCP	2
21/07/2023	Got conference id of google meet using Google Calendar API with the help of external id got from Calendly		RCP	3
